

Our superior quality pre-mixed Post 10 is produced at our state-of-the-art production facility at Brownstown in Co. Kildare. Kilsaran Post 10 is produced using dried aggregates, cements and additives. Admixtures are added into the mix design to manufacturer's specifications. All constituent materials comply with the relevant and current Irish, British and European standards.

Product Application

Kilsaran Post 10 is a rapid setting, micro concrete mix designed for the rapid installation and anchoring of all types of timber, plastic, metal and concrete posts.

Product Use

1. Dig a hole to the correct dimensions according to the post size (refer to product yield table)
2. Fill the hole halfway with water and position the post vertically in the hole
3. Pour Post 10 evenly into the hole and around the post up to the water level. Sprinkle any visible dry powder with water.
4. Immediately adjust the level and position the post as required and support for 5 minutes, or until setting begins.
5. Lightly tap the surface to remove any trapped air

Product Yield

Post Size	Hole Size (WxD)	Bags Required
Round 50mm	150 X 450	0.5
	200 X 300	0.66
	200 X 600	1.5
Square 75mm	150 X 600	0.5
	200 X 600	1
	250 X 600	2
	300 X 600	3
Square 100mm	200 X 750	1
	250 X 450	1.5
	300 X 450	2
	300 X 750	3.5

Technical Data

Kilsaran Post 10 is a rapid setting micro concrete and is produced in an ISO 9001 quality controlled environment. All constituent materials comply with the relevant and current national and European standards.

TECHNICAL DATA		
Setting Time (@20° C)	5 – 10 minutes	
Density	2000 kg/m ³	
Storage life (unopened and protected)	> 12 months	
Colour	Standard Grey	
Compressive Strength	28 Days	20 N/mm ²

Benefits

This product offers many advantages over conventional site-mixed or ready-mixed concretes:

- Consistently high quality mix
- Rapid setting, final set in just 10 minutes
- Eliminates mixing, none required
- Reduction in labour
- Increases site efficiency
- Convenient and User-Friendly
- Eliminates wastage
- Promotes cleaner and safer sites

Health & Safety

As with all cementitious-based materials and products, care must be taken to avoid contact with the skin. Please see the relevant Material Safety data Sheet online at www.kilsaran.ie.

Delivery

- 20Kg bags
