Sustainability

Kilsaran is committed to leading the way in the industry with sustainable and environmentally friendly products, manufacturing processes and continual product development.

All of our products are manufactured using industry leading best in class manufacturing facilities, reducing the impact our products have on the environment, as showcased with our newly awarded ISO 50001 certificate

Throughout our paving products we endeavour to replace 50% of the ordinary Portland cement with a high quality carbon neutral cement replacement Ground-granulated blast-furnace slag (GGBS), use 100% recycled water and locally sourced quality materials.

Making Kilsaran's extensive paving range, one of the most environmental friendly on the market.

Maintenance and Cleaning

Kilsaran recommends regularly cleaning on an annual basis is performed, for more information please contact our technical team or download our Maintenance and Cleaning document from our website.
